Work experience

- Since July 2022 **Full stack engineer** [Swile](#) Paris & Montpellier, France
I am working for this french unicorn, in the *Places* team where I am in charge of the full stack development of all the features related to the geolocation of the restaurant and shops affiliated with Swile.
- From May 2020 to June 2022 **Full stack engineer** [Kannelle](#) Paris, France
In a startup context, I am in charge of developing the web platform of the Kannelle application, a web video editor as well as the administration module. I also manage the back-end part, the DevOps and the cloud architecture.
- From July 2018 to April 2020 **Full stack web engineer at Cartier** [Takima](#) Paris, France
Working for **Cartier Joaillerie International**, develop several applications to improve the time management in workshops and save time in logistics. Using Devops methodology, **set up a new technological stack** at the IS pole.
- From February 2018 to July 2018 **Engineering internship - "Takima Academy" training** [Takima](#) Paris, France
Project training in the following areas: back-end and front-end development, Devops activities and working methodologies
- From May 2017 to July 2017 **Specialty internship - Software developer in Germany** [BIM&CO](#) Sankt-Wendel, Saarland, Germany
Development of a plugin for the CAD software Allplan in the field of BIM objects
- From December 2016 to May 2017 **Project Manager (ISO 9001:2015 certified)** [AEROW Solutions](#), [INSA Rouen-Normandie](#) France (76)
Redesign a web application for Electronic Document Management.

Formation

- Since August 2015 **Specialization in Architecture of Information Systems** [INSA Rouen-Normandie](#) France (76)
- From September 2013 to June 2015 **Preparatory cycle for engineering schools** [INSA Rouen-Normandie](#) France (76)
- From August 2010 to May 2013 **Scientific Baccalaureate with distinction** [Lycée Saint-Joseph](#) Le Havre, France (76)
